Alternative loans should only be considered as a last resort. If students apply for a private education loan which requires school certification, the lender will forward the loan application for certification ONLY IF CREDIT AND APPLICATION HAVE BEEN APPROVED. Once the financial aid office receives the loan application from the lender, the student will be alerted through MySacState Student Center of any next steps required. Students should watch the To Do list, and Sac State messages for information about any pending private loan applications. Students are encouraged to apply with a co-signer to ensure a lower interest rate as well as a higher chance of being approved for the loan.</p>
